

Natalie Wrobel-First Grade Email: nwrobel@usd289.net Phone: 10785-883-2996 ext. 3130

Hello, my name is Natalie Wrobel, and it is a privilege to be your child's teacher this year. First grade is such an exciting grade level to teach. It is a year of tremendous growth, and I always feel so privileged to be able to witness this growth. Children become readers and learn to memorize addition and subtraction math facts. They explore scientific concepts like matter, animal classes, and good nutrition. They learn responsibility, hard work, and independence, which are such important skills to give our children if we wish them to be successful throughout their lifetime. Building good habits starts now-in first grade!!

A little about myself-I was born in Bentwaters, England as an Air Force brat and traveled a great deal as a child. My first four years of school were in Germany. We moved to New Baltimore, Michigan when I was ten and this is where I lived until moving to Topeka, Kansas 10 years ago. I earned a Bachelor of Arts in Music Performance from Madonna University in Livonia, Michigan. I finished my Bachelor of Science degree in Education at Emporia State University. I continue to work towards a Masters in Administration and Curriculum and Instruction. I am passionate about teaching and children and feel so blessed to be in this profession.

I have been married to my husband Joseph for 22 years now and we have four wonderful children. Our eldest is Joseph-20, Sarah is 17, Rachel is 15, and Jacob is 14. Our days are always packed with homework, activities and teenage drama! I wouldn't have it any other way! Looking back, I realize the best thing I did with my children was to read to them every night. It is my belief that this is what nurtured a love of reading and a responsibility to always get their homework done. They are great students and I am very proud of them.

I look forward to a wonderful year of learning and growth for my students as well as myself. I am always happy to hear from you so never hesitate to contact me. Together we can make this a fabulous year for your child. Above I have listed my contact information. If I do not answer, please leave me a message and I will get back to you as soon as I possibly can.
